February 29, 2016: First Cluster Guide Information Session Held

Thank you to those of you who attended our first information session. We found your feedback extremely useful, heartfelt, and grounded. We listened to your questions, comments, and concerns. As a result, over the next few days and weeks, we plan to rework some time frames, think further about structure, workload and time commitments, and compensation.

We appreciate your insight and continued contributions - as both are important to informing our transformation. We are certain that we will learn more during our next session on Thursday, March 3rd from 8-9am in the Frost Commons.

February 24, 2016: Cluster Guide Self-Nominations and Information Sessions Announced

Do you have the PSU pioneering spirit?

2. Are collaborative co-creative environments appealing?
3. Do conquering strategic challenges interest you?
4. Are you a thought leader who can help shape our future?
5. Is your best work accomplished in a team setting?

If you answer yes to these questions then consider nominating yourself to be a Integrated Cluster Guide by clicking on the [link](#) and providing the requested information. Serving in this capacity is an opportunity to be a major contributor to PSU's transformation. Read the role description [here](#).

If you would like to learn more, please join us for an information session on either:

Monday, February 29th from 4:30-5:30pm – COBA Lounge Hyde 217

Thursday, March 3rd from 8:00-9:00am – Frost Commons

Our Cluster Guide search is ongoing; however, there is a priority review deadline of Wednesday, March 9. The roles and responsibilities are attached and training will be provided.

"Do not go where the path may lead, go instead where there is no path and leave a trail." – Ralph Waldo Emerson

February 11, 2016: Town Hall meetings run by the President and Cabinet

A pair of town hall meetings were held (at 2:00 and 3:30) to update the campus community on the budget, URSA, the Integrated Clusters and Open Labs Initiative, and the Board of Trustees' approval of the new residence hall and conference center. Read the responses to posed [questions](#) and review the [presentation](#).

January 12-14, 2016: More Themed Discussions for Faculty and Staff

The series of six campus conversations first offered in December were repeated to further campus connections around clusters and share ideas about projects, curriculum, synergies, necessary resources, and cluster implementation. The Future Environments session encompassed members from both Tourism, Environment, and Sustainability, and the Discovery and Exploration clusters.

- [Jan 14 Justice and Security Conversation Notes](#)

January 7, 2016: Chairs Meeting on URSA

URSA results discussed in relation to integrated clusters. Names of seven integrated clusters were shared along with an expectation that all programs would have a cluster home. Programs, for the time being, are defined as they were in the URSA report.
