Colleagues:

Last month, we shared a series of forum dates in the President's Report and Academic Deans' Report. We originally identified this Wednesday, March 29 from 2-3:30pm for a forum. Instead, we have chosen to use this time for additional small group planning. We will share notes and outcomes soon. We hope to see you at the next all-campus forum led by cluster guides on Tuesday, April 18 from 2-4pm which will focus on curriculum.

Forum dates, notes, and insights can be [found here on the Integrated Cluster website](#).

Thank you,

The Academic Dean Team
