University Days 2016

Academic Affairs Weekly update 8-25-16

Dear Colleagues,

We would like to thank each of you for your participation in University Days and your enthusiasm for our new format. We'd also like to extend our appreciation to our speakers and guides. Without their willingness to give of their time and knowledge, we would not have been able to provide so many rich sessions.

Please complete this [survey](#) if you did not turn in a hard copy survey during one of the days and/or if you'd like to provide us feedback for Wednesday, August 24.

Just a few reminders about Integrated Clusters:

1. You can have more than one cluster affiliation. Faculty are automatically affiliated with the cluster aligned with your program. You can also have one or more interest affiliations.
2. Staff may be assigned to a cluster; they may be assigned across clusters; or, they may not yet know the status of their work-related cluster affiliation. We encourage you to speak with your manager to explore which may apply to you. If we can provide support as you explore, please let us know. Guides invite you to join clusters and attend meetings/participate in projects as your time permits.
3. For all who are interested in joining a cluster, please email one of the [guides](#) or search for groups in your Microsoft Outlook mail area and ask to join.
4. Please complete your [personal profile and interest form](#) so we know about our campus talent.
5. If you have an idea for a cluster, please complete our [quick idea form](#).

We had three days of learning together, listening to each other, trusting each other, and discovering information we never knew about each other. Let's continue this momentum of discovery throughout the year!

Best wishes for a great start to the semester!

Cynthia, Gail, and Robyn
